

# **EMPOWERMENT TECHNOLOGIES**

(Quarter 1 – Week 4-4.1)

## **What I have learned?**

The focus of this lecture is on imaging and design for the online environment. I've studied the meaning of computer graphics and layouts, as well as their principles. Infographics and Image File Formats are new additions to what I've studied. I'm amazed that I understood this lesson as a student who struggles with technology. I was having trouble at first, but with patience, effort and determination, I was able to grasp the concept. In addition, I studied about Imaging and Design for an Online Environment. Also, PhotoScape and its features. Principles and Fundamental Techniques of Image Manipulation are also covered in what I've studied.

## **Questions I still have about the lesson**

I had a lot of questions and needed clarifications at first, but they were all answered eventually.

## **What I want to learn more about the lesson/ topic?**

I'm looking forward to learning more about the next topic and session. I am now liking this subject because I am gaining a lot of knowledge.

## **How I feel about the lesson**

I am extremely happy that I was able to complete the assignments and comprehend the lesson.

# **EMPOWERMENT TECHNOLOGIES**

(Quarter 1 – Week 5-6)

## **What I have learned**

Graphics and layout are the focus of this lesson. I've learnt how to modify and edit photos. I also used what I learned in this lesson to improve my photography, and the results were fantastic. This course is extremely beneficial to me because I enjoy taking photographs and sharing them on social media. This course was not difficult for me to understand because I already have some editing experience and knowledge.

## **Questions I still have about the lesson**

I honestly comprehend the lesson well so I don't have any questions left.

## **What I want to learn more about the lesson/ topic?**

I am more that excited with the next topic. This week's lesson caught my attention so I am curious to what we will be discussing next.

## **How I feel about the lesson**

I am satisfied with what I have learned in this week and more than ready to face the next lesson.

# **EMPOWERMENT TECHNOLOGIES**

(Quarter 1 – Week 7-8)

## **What I have learned**

As I was reading the lesson I thought it would be hard but with perseverance and patience I've figured out how to make a website. I also watched YouTube videos that helped me and clarified my confusions. I took it one step at a time and eventually mastered it.

## **Questions I still have about the lesson/ topic**

The questions and clarifications that I had was already answered by the videos that I have watched in YouTube.

## **What I want to learn more about the lesson/ topic?**

I am looking forward to the next topic and lesson, the thought alone makes me excited.

## **How I feel about the lesson**

I feel very happy that I have learned something new that, for sure will be beneficial and I would gladly share this knowledge to other people.
